## ➤ Program at a Glance

International Program of Government Affairs and Administration (IGOV) is a higher educational platform that examines politics, government and public administration to manage those potentials for the people prosperity through the lenses of politics. The program will deliver a deep understanding in two study domains; domestic politics and public administration inside international setting.

Our program highly supports students' mobility in international range, started from applying English language in teaching activity, providing multinational lecturers and visiting professors, and facilitating student exchange program to global university partners. Situated in Special Region of Yogyakarta, IGOV-UMY is an excellent choice where students could embrace the wonderful students' life in the 'melting pot' city of Yogyakarta. On top of that, IGOV-UMY is a right choice to craft better future by nurturing potential young leaders. Here, we transform passionate students to be experts in the field and generate Islamic character to the countless prospect.
